The following **Resolution** was passed by the Kendall Federation of Homeowner Associations on November 20, 2014:

To “request that the Board of County Commissioners NOT approve the Florida East Coast Railroad application” **and** “requests state & federal funding to create a linear park/trail with NO development of homes or businesses on the trail and for the enjoyment of the Community”, in perpetuity, so that future citizens can enjoy a true natural park for decades to come. The KFHA believes we should not miss this rare opportunity to preserve one of our last untouched pieces of land and urges the Board of County Commissioners to leave a legacy that generations will come to appreciate and inspire.

Michael Rosenberg, President
