KFHA Resolution

Re: *Miami-Dade County Proposed Legislation To Permit Existing Funeral Homes To Install A Crematory As Close As 250 Feet From Existing Residences.*

The KFHA opposes this proposed ordinance because:

1. Homeowners in close proximity would be substantially impacted by this change,
2. Crematories would create toxins in the air that would impact many homeowners, including those with pre-existing conditions, children, elderly and pregnant women,
3. This will impact home values and the overall Community, and
4. Expert analysis indicates that, if this were to be permitted, it should be at least one mile (direct radius) from any residential housing and schools.

Above Resolution adopted by the KFHA Board of Directors on November 11, 2022.

Michael Rosenberg, President
Kendall Federation of Homeowner Associations, Inc.
